Thank you for requesting a rental assessment for the above property.
I have conducted a site inspection, and you have also provided me with plans and images of proposed new build and property information. This rental assessment is based on the information we have received.

Property Description and Location:

The build will consist of five three-bedroom two level townhouses. The site is situated in Linwood Christchurch.

All the units will have spacious kitchens, connecting to open plan dining and living areas, which will open out to private northwest facing courtyards, decks, and landscaped grounds. Master bedrooms with ensuites, additional main bathroom and built in wardrobes. Heating will consist of wall mounted heat pump units, and all the units will be fully double glazed.

All units will be fully fenced. Each unit will have a single internal access garage plus off-street parking. The property is within walking distance to Eastgate Shopping Centre, Schools, and Parks.

When assessing rent, we do on basis of the property being unfurnished and rented, after proper marketing, to a willing tenant in today's rental market. On this basis, we would consider the property to rent for between **\$650.00 and \$655.00 per week**. Please note that this rental assessment does not constitute a valuation.

Property Management Services:

While a Rental Appraisal is a good indication of the current market rent of a property, the success of a rental property as an investment depends on the landlord's knowledge of tenancy law, and a practical experience of dealing with tenancy matters. We have a team of experienced specialists in our office who can deal with all day-to-day details to make owning a rental property easy, and to maximise your rental returns. I am happy to talk with anyone interested in providing this property for rental about the benefits of using our service.

Meet The Team

Equiti believe in building better futures, together.

New Zealand has an undersupply of homes. We are not building enough homes to cater for the people that choose to call New Zealand home, let alone the new ones that are arriving each week.

Most Kiwi's know that they will not have enough income to fund their lifestyle in retirement. Some know that they need to do something but don't know where to turn.

Equiti believe in growing wealth through property. This is through a passive, buy and hold long-term strategy. That is buy new, buy well, make sure you can afford it, and hold it for as long as you need to; to get what you need from the property. And review your strategy annually, with your financial adviser and, if you can afford it, do it again....and again. To do this you need a trusted financial adviser, the right property advice and the right properties!

Equiti are the real estate platform that helps to bring it all together. We are here you help you on your journey to create wealth through property. We look forward to working with you and building better futures, together.
