A Family Legacy

Left to Right: Mike, Siobhan, Caitlin, Simon (and children), Anne, Graeme, Jon & Olivia

Graeme and Anne Sanders began Today Homes 35 years ago in the conservatory of their home, starting with a simple ad in the local newspaper. Through hard work and dedication, they managed to create a home building company the Canterbury community could trust. The three sons Simon, Mike and Jon have now taken over the helm and continue their parents' legacy, building quality, affordable homes in Canterbury for owner occupiers and investors alike.

All being qualified builders, they know what it takes on-site to achieve the expected high standard. Graeme and Anne are still in the background, but are enjoying the semi-retired life watching their sons and company thrive. Today Homes is commonly known in the construction industry as the most organised and efficient builders, with systems and procedures in place that ensure every home is built to a high quality and delivered on time. We offer comprehensive guarantees over our workmanship and because we've been in the business of building new homes in greater Canterbury area for so many years having built over 2,500, our customers and trade know they can trust us.

Amazing, professional company to build with. We have done a few builds and their communication and service level was incredible. We received accurate weekly updates throughout the whole build, they stuck to the build timelines and even had CCC ahead of time! Couldn't have asked for a smoother building process - we would highly recommend Today homes!
